

# CAMPUS GREENS.

## RENEWABLE ENERGY.

Transitioning to a 100% renewable energy economy will create jobs and help tackle climate change.

## ANIMAL WELFARE.

Every animal deserves improved living and welfare standards.

## AFFORDABLE HOUSING.

Every Australian deserves affordable housing.

## MARRIAGE EQUALITY.

Fighting for marriage equality and LGBTI rights is crucial to ensuring an equitable and fair society.

## FREE EDUCATION.

Education is a right, not a privilege. Supporting free, public education is an important part of building a just society.

## REFUGEE RIGHTS.

As a wealthy nation, we have an obligation to help those in need.

## PROTECTING THE ENVIRONMENT.

Our environment is too precious to lose; we need to protect it while we still can.

## LIVEABLE CITIES.

We need cities that look after people and our environment.

## HIGH SPEED RAIL.

Building clean and efficient high speed rail will revolutionise how Australians travel.

## PUBLIC TRANSPORT.

Australia needs sustainable public transport infrastructure for the future.

## LIVE MUSIC AND A VIBRANT LATE NIGHT ECONOMY.

Australia boasts a number of global cities. Live music and a diverse, vibrant night-time culture should be something we can all enjoy.
